Experiences

BH Futures Foundation | Scholar

October, 2020 - Present

- I gained knowledge from various fields such as programming, working with other people, knowledge transfer, and many others through various educational activities, working with a mentor, and volunteering.
- I further improved my teamwork skills as a member of the Makerspace team within the foundation responsible for opening educational spaces for young people.

Coding Summer School| Organizer and tutor December, 2020 - July, 2021

- I got acquainted with the process of working on the project, from the planning and writing of the project and the organization of finances to its implementation.
- I've improved my presentation and educational skills by working as a tutor.

Fiverr | Freelance writer November, 2019 - May, 2020

- I have written dozens of articles, mostly related to technology, and gained new writing skills through the process.
- I became better at finding the information I needed by working as a content writer.
